

Skill Development Programme on Jute Diversified Products at ICAR-NINFET, Kolkata

August 2, 2024, Kolkata:

A fortnight long series of skill development programmes on jute diversified products i.e. jute jewellery, jute handicrafts and jute bags were organized by ICAR-NINFET during July 22, 2024 to August 02, 2024 at ICAR- NINFET model village, Hooghly and Howrah districts of West Bengal. These trainings are conducting under ABI and SCSP scheme & self-sponsored mode.

These training programmes were targeted to develop the skills of unemployed youths especially female belongings to rural areas for their sustainable livelihood. Trainees were taught about manufacturing of handicrafts, bags, jewelries from Jute, their marketing strategies etc.

About 77 youths, entrepreneurs were directly benefitted by these training programme. This series of training programme was ended with the valedictory cum certificate distribution function at ICAR-NINFET.

Dr. D. B. Shakyawar, Director has congratulated the trainee participants for successful completion of this skill development training. He urged for more & more entrepreneurship development in jute sector to meet the demand of National as well as Global markets.

Dr. Laxmikanta Nayak, Head, Transfer of Technology Division has elaborated upon the opportunities in jute diversified products in the context of environmental friendliness & sustainability. The programmes were coordinated by Dr. S.B. Roy, PI, ABI, Dr. V.B. Shambhu, Nodal Officer, NEH and Er. Sujai Das, Nodal Officer SCSP Scheme.
